Zagreb, 02. 04. 2020. godine

**Union Internationale des Chauffeurs Routiers U.I.C.R.**

**Liebhartsgasse 53 / 1160 Vienna / Austria**

**Subject: Consent to Delay the DRIVER WORLD CHAMPIONSHIP Zagreb 2020.**

Considering the current circumstances surrounding the COVID-19 pandemic, the Croatian Driver's Union Committee for the organization of the 2020 World Championships in Zagreb, following consultations, adopted

### RESOLUTION

With the approval of the International driver organization U.I.C.R. to postpone the holding of the 32nd World Driver's Championship for 2021.

### EXPLANATION

Although all the preparations for the 32nd Zagreb Driver's 2020 Championship are done, we have taken into account the truly precarious situation of the measure that will be implemented during the pandemic, such as the limited restrictions and the current state of affairs in countries the partners. To protect participants we brought resolution in which we agreed that the World Driver's Championship will be postponed to 2021.

Although we thought and convinced that this difficult situation would end very soon, and that the World Driver's Championship would be deservedly rewarded by drivers for all the hard work they do nowadays, in this difficult case, they were sure that it was truly better to delay and take this opportunity to all together we will better connect and organize in the next 2021 we organize the World Drivers Championship which will be the centre of gathering a large number of drivers from different countries of the world, unfortunately in a safe united world only around the pandemic of the COVID-19 virus.

Until soon, seeing and meeting the drivers in 2021 in Croatia, take the opportunity for all drivers to declare them as winners, winners who, by their example, have shown a selfless determination to do the hard work in this case, all the tasks that have been set.

Croatian driver's union

Miljenko Gočin, president
